The Signature Of The Sea

Alshaali Marine

ASMARATY

Since 1979, AS Marine, owned and managed by the Al Shaali Group, has focused on quality, comfort, performance and style throughout its yachts' line-ups. A dedicated team of specialists do their level best to satisfy yachtsmen every day, combining technology and premium materials with detailed finish to meet AS Marine's standards of excellence.

AS Marine is considered a pioneer in yacht manufacturing in the Middle East with fiberglass boats. The company paved the way for marine business to flourish and evolve, opening doors to trade business while contributing to the local economy.

Alshaali Marine

ASMARATY

YACHTING REINVENTED

With this catalogue, we invite you to discover the brand-new ASMARATY G-66 luxury Yacht, a broad range of yachts in AS Marine's ever-growing number of crafts, making a difference in the industry

This difference is the result of strict requirement fine-tuned design genuine craftsmanship and a company-wide dedication to deliver only the best products.

The AS 66 Luxury Yacht

At a glance, find yourself in a world of luxury with spacious interior, generous cockpit and hospitable flybridge.

The main deck boasts the salon and formal dining, set in an open plan surrounded by ample lounge seats bathed in sunlight, thanks to the broad side windows.

The flybridge creates a spacious gathering point, ideal for a sunset cruise or midday siesta. An abundance of space on all three decks. The clever seating arrangement on the flybridge allows for the placement of an optional hot tub, comfortable sunbeds, second steering station and a bar for the guests to enjoy.

Below, all four guest quarters providing extra comfort and privacy. The ASMARATY G-66 allows in an impressive amount of natural light in any of the cabins. The spacious owner's cabin is
fitted with a double bed and offers both an en-suite bathroom and a walk-in wardrobe. The spacious forward VIP cabin holds a variety of closets and storage spaces while both guest cabins, which are located at the sides of the yacht, have twin berths for a total of eight on the lower deck.

The captain will surely make use of the integrated monitoring system, which keeps track of all the important data, while the crew will appreciate their quarters with two beds, a galley and a separate bathroom.

The powerful, hydraulic stern platform comes standard and will handle any watercraft.
