The Signature Of The Sea

Alshaali Marine

ASMARATY G-77 Luxury Yacht

At a glance, find yourself in a world of luxury with spacious interior, generous cockpit and hospitable flybridge.

The main deck boasts the salon and formal dining, set in an open plan surrounded by ample lounge seats bathed in sunlight, thanks to the broad side windows.

The flybridge creates a spacious gathering point, ideal for a sunset cruise or midday siesta. An abundance of space on all three decks. The clever seating arrangement on the flybridge allows for the placement of an optional hot tub, comfortable sunbeds, second steering station and a bar for the guests to enjoy.Below, all four guest quarters providing extra comfort and privacy

The ASMARATY G77 allows in an impressive amount of natural light in any of the cabins. The spacious owner’s cabin is fitter with a double bed offer both ensuite bathroom and a walk-in wardrobe.

The spacious forward VIP cabin holds a variety of closets and storage spaces while both guest cabins, which are located at the sides of the yacht, have twin berths for a total of eight on the lower deck.

The captain will surely make use of the integrated monitoring system, which keeps track of all the important data, while the crew will appreciate their quarters with two beds, a galley and a separate bathroom.The powerful, hydraulic stern platform comes standard and will handle any watercraft.

About Al Shaali Marine:

Established in 1979 by Abdullah Al Shaali, AS Marine has inherited the proud boat building tradition that has earned the legendary Arabian seafarer and his crafts a proud place in world maritime history. Translated into modern design and technology, this tradition remains the foundation and mission of the AS Marine boats' building process. From the factory complex in the United Arab Emirates, a wide product range of luxury flybridge yachts are manufactured for domestic and worldwide markets

AS Marine has received numerous awards from leading international bodies and won many of the industries famous quality certificates. AS Marine shows a combination of talent where design pleases, performance excites, and seagoing dependability means the safety and comfort of the owner and guest. Our signature is beauty and pride, and our clients receive nothing less. Look no further, you can truly have it all! AS Marine is making smart boating decisions easy
